

Community Groups are a place where people can build great friendships in an “extended family” environment. It’s an extension of the larger church, a small group of people in their spiritual journey of life and faith. This group is able to minister and care for each other on a more personal level.

Community Groups are a place of personal growth. People get to know one another very well as they grow together in Christ. While every Community Group develops its own unique personality, they all seek to incorporate caring for one another, growing together, and impacting the world for Christ. They do life together.

“It’s an extension of the larger church, a small group of people in their spiritual journey of life and faith.”

LIVE LIFE TOGETHER **Groups**

Success at Council Road is defined by how effectively our ministries move people from Celebration to Connection to Community. In other words, your spiritual journey will benefit greatly by moving from large gatherings to small group “communities.”

We believe the community group is the best place for sustained life change to occur. Involvement in a community group is the key to connect relationally, grow spiritually, and explore ways to share the love of Christ by serving others. At Council Road we desire to create a place where nobody stands alone, a place where issues and challenges of life are faced together, a place where we care for one another, and a place where we are missed if we don't show up. Practically speaking, there will never be a way for the staff to personally minister to everyone in our church. That's why we place a high value on community group life.

Community Group Mission Statement
